Hi Mike,

I'm reaching out to request that any time human studies issues are raised, you consult with me. I reviewed and provided language for the response to comments on the Oxitec EUP as OPP's Human Research Ethics Review Officer, and it looks like a lot of that language was used in the response to this letter. However, I would like to be consulted on all issues related to human studies, even if you're planning to use language I have already (not only HSRB). Additionally, it's helpful for me to be aware of areas of the program dealing with human studies issues so I can advise the Office Director when questions arise.

Thanks in advance,
Michelle
